This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

An' de banjo's voice is silent in de qua'ters,

But de murmur of a branch's passin' waters
Is de only soun' dat breks de stillness dere.

Tek a cool night, good an' cleah,
Skiff o' snow upon de groun';
Jes' 'bout fall-time o' de yeah
W'en de leaves is dry an' brown;
Tek a dog an' tek a axe,
Tek a lantu'n in yo' han',
Step light whah de switches cracks,
Fu' dey 's huntin' in de lan'.
Down th'oo de valleys an' ovah de hills,
Into de woods whah de 'simmon-tree grows,
Wakin' an' skeerin' de po' whippo'wills,
Huntin' fu' coon an' fu' 'possum we goes.

Mek its music cleah an' long,
So de folks at home kin hyeah.
Blow it twell de hills an' trees
Sen's de echoes tumblin' back;
Blow it twell de back'ard breeze
Tells de folks we 's on de track.
Coons is a-ramblin' an' 'possums is out;
Look at dat dog; you could set on his tail!
Watch him now—steady,—min' what you 's about,
Bless me, dat animal 's got on de trail!

Ef he 's struck de scent I 'low
Dat ere 'possum 's sholy gone.
Knowed dat dog fu' fo'teen yeahs,
An' I nevah seed him fail
W'en he sot dem flappin' eahs
An' went off upon a trail.
Run, Mistah 'Possum, an' run, Mistah Coon,
No place is safe fu' yo' ramblin' to-night;
Mas' gin de lantu'n an' God gin de moon,
An' a long hunt gins a good appetite.
